The advertisement is a screenshot of a website for the Manuscript Peer-Review Process (MPRP). The header features the logo 'Manuscript Peer-Review Process' and contact information: 'Email: support@iesrf.in, editor@iesrf.in, iesrf@iesrf.in' and 'Support: +91-11-639414, 639415 | 9850426146 | 88'. A navigation menu includes 'About MPRP', 'Journals', 'Support and Training', 'Contact Us', 'Track article status', 'Register', and 'Login'. The main content area is titled 'Manuscript Peer-Review Process' and describes the service as a web-based portal accessible 24/7, offering editorial services, journal pre-publication services, and post-publication services. It highlights a high level of flexibility and a smooth flow of publication functions. An illustration shows a person at a desk with a laptop, surrounded by icons representing various aspects of the process. Below the illustration, it states that MPRP manages authors, reviewers, and editors' details and is an in-house product of Innovative Publication Pvt. Ltd. The section 'Why MPRP?' begins with the text: 'If your research is ready to share with world, our submission portal will help you with a user-friendly platform to submit your'.

CONTENTS**Review Article:****Stress or metabolic response to surgery and anesthesia 165-171***Bhavna Gupta, Anish Gupta, Lalit Gupta***Original Article:****Comparative study of airway assessment tests to predict difficult laryngoscopy & intubation 172-179***Anjali Bhure, Ankush Wasnik, Priyanka P. Deshmukh, Yasha Tiwari***Haemodynamic effects of etomidate, propofol and their combination on induction and intubation: A prospective randomized clinical trial 180-186***P. Karthik, Arun Kumar Alarasan, B. Balamurugan, Lailu Mathews***An observation into the accumulation of N2O in the pneumoperitoneum during laparoscopic surgeries 187-188***Anilkumar Narayan, Avinash Prakash, Habib Md Reazaul Karim, Sanjay Kumar***Clinical evaluation of efficacy and safety of transversus abdominis plane block with bupivacaine and ropivacaine for post-operative analgesia following lower segment caesarean section: A prospective, randomized, controlled, double blind study 189-193***Ravikumar Parmar, Chandrika Bhut, Lopa Trivedi, Prashant Parmar, Rajani Maulik Parikh***Effectiveness of short duration of CPR training based on Indian guidelines among the doctors of a tertiary care teaching hospital in Western India- An interventional study 194-197***Dhara Tanna, Neeta Bose, Anup Chandnani, Jayesh Vasava***Evaluation of basic life support knowledge and the impact of basic life support training on pre-clinical and clinical undergraduate MBBS students 198-202***Dhavalkumar C Patel, Mitali K. Ahir, Trupti U Nayaka***A comparative study of intrathecal 0.5% isobaric levobupivacaine with fentanyl and 0.5% isobaric levobupivacaine with nalbuphine in infraumbilical surgeries: A randomized double blind clinical trial 203-208***Ramesh Koppal, Dinesh Naik, Veeresh Mathpati, Shivanand Hulkund***Evaluation and comparison of haemodynamic response and ease of intubation between Truview PCD TM, McCOY and Macintosh laryngoscope blades 209-214***Alka Chandra, Manish Singh, Megha Agarwal, Rashmi Duggal, Dheeraj Gupta***Effect of priming technique and single intubating dose technique on rapid sequence intubation with rocuronium using train of four monitoring 215-219***Anisha Puri, Manisha Bhatt Dwivedi, Sapna Bansal, Seema Tikku***Fetomaternal outcome in parturient women with and without epidural labour analgesia 220-223**

Anupama M K

A prospective randomised comparative study between 10 ml and 15 ml of normal saline for epidural volume expansion on 10mg of 0.5% hyperbaric bupivacaine spinal anesthesia for elective infraumbilical surgeries in adult patients 224-228

Shobhit Singh, B C Vijayalakshmi, Deepa Kattishettar

A randomized controlled trial to assess the postoperative analgesic efficacy of USG guided adductor canal block compared to conventional analgesia among the patients undergoing arthroscopic anterior cruciate ligament reconstruction 229-234

Shruti Ghodageri, G. Rammohan, Ashwini Narasannavar, Gajanan Fultambkar, Rashmi B.M.

A prospective randomized study to compare analgesic and sedative effect of midazolam and nalbuphine with midazolam and fentanyl in patients undergoing awake fiberoptic intubation 235-241

Kaur Harpreet, Singh Harjeet, Mohan Brij, Sood R Ojaswani, Jaspreet

Comparison of intravenous dexmedetomidine and intravenous fentanyl to attenuate the hemodynamic stress response to tracheal extubation 242-247

R. Amutharani, T. Manoharan, P. Manickavasagam, Heber Anandan

A comparative study to evaluate the efficacy of ultrasound guided brachial plexus block and peripheral nerve block for upper limb surgeries 248-253

Mohammed Mukarram Iqbal, Vikas S Joshi, Kaja Sriram Murthy

Spinal anaesthesia for laparoscopic cholecystectomy: A comparison with general anaesthesia regarding haemodynamic and respiratory stability 254-257

Swathi S, Nagaraj A. V, Nataraj M S

Comparison of ondansetron and low dose Ketamine as agents for prevention of intraoperative nausea and vomiting during caesarean section under spinal anaesthesia 258-262

Ovais Nazir, Asif Hussain Bhat, Hamid Yattoo, Amit Khatuja, Rajesh Misra

Comparison of the efficacy of ropivacaine and ropivacaine with dexmedetomidine in post tonsilectomy pain relief after peritonsillar infiltration- A prospective randomized double blind study 263-269

Rahul Singh, Lopa H Trivedi, Ravikumar M Parmar

Assessment of difficult airway by using various bedside screening tests for endotracheal intubation 270-273

Sapna Bansal, Shivani Rathee, Parveen Kumar Antil, S K Malhotra, Inderja

Simulator evaluation of the additional verification of intravenous drug (AVOID) -error system: A prospective randomized controlled study 274-279

Shazia Khan, Pamela Chia, Shariq Ali Khan

Efficacy of pre-emptive ultrasound guided transverses abdominis plane block with dexamethasone added to bupivacaine for postoperative analgesia after laparoscopic surgeries: A randomised clinical study 280-288

Shreyas S, Shivanand L K, Santosh Allalamath, D G Talikoti

Patient awareness about spinal anaesthesia in our rural obstetric population 289-292

Umar Qadir Bacha, Masood Rashid, Suhail Sidiq

To compare the efficacy of ropivacaine with fentanyl v/s levobupivacaine with fentanyl in post-

operative epidural analgesia in lower limb and lower abdominal surgeries 293-297

*Madhuri Sharma, Vaibhav Shahi, Madhu Bhardwaj, Saurabh Varshney,
Satyansh Sangal*

Case Report:

Functional mitral regurgitation causing severe dysphagia resolved with isolated aortic valve replacement: an unusual case with few learning points 298-301

Kumar Rajanikant, Ajay Kumar, Rinkesh Bansal, Rajiv Juneja

Massive hydrothorax during supracostal approach for percutaneous nephrolithotomy: A case report 302-303

Anju Rani, Pawan Kumar

Successful anesthetic management of laparoscopic cholecystectomy in patients with situs inversus totalis 304-306

Mustafizur Rahman, Deepankar Sarma

Placenta percreta complicated by haemorrhagic shock and peripartum cardiomyopathy: A diagnostic as well as therapeutic dilemma 307-309

Kumar Rajani Kant, B. Naveen Naik, Kamal Kajal, Shiv Lal Soni

Manuscript Peer-Review Process

Manuscript Peer-Review Process is a web-based portal that can be accessed 24*7 under good internet connection. It is a set of editorial services that allows a user to run a journal efficiently. It includes journal pre-publication services, editorial workflow & post publication services. We provide a high level of flexibility, so you can select the services you need and integrate your existing workflow. It allows smooth flow of all publication functions of an editorial office on a single independent platform, no software installation is required, only requires Username, Password to login in different panels.

MPRP manages all the authors, reviewers, editors' details and its integration with the social and professional network. It is inhouse product of **Innovative Publication Pvt. Ltd.** which is managed and operated by Innovative Publication and currently running with around 50+ Journals.

Why MPRP?

If your research is ready to share with world, our submission portal will help you with a user-friendly platform to submit your
