The advertisement is a screenshot of a website for 'Manuscript Peer-Review Process'. The header includes the logo, title, and contact information: 'Email: support@iesrf.in, editor@ijca.in, iesrf@iesrf.in' and 'Support: +91-11-639414, 639415 | 9850429446 | 88'. A navigation menu contains: 'About MPRP', 'Journals', 'Support and Training', 'Contact us', 'Track article status', 'Register', and 'Login'. The main content area features the title 'Manuscript Peer-Review Process' and a detailed description of the web-based portal, its 24/7 accessibility, and the range of editorial services provided. An illustration shows a person at a desk with a laptop, surrounded by icons representing various stages of the review process. Below the text, it states 'MPRP manages all the authors, reviewers, editors' details and its integration with the social and professional network. It is an in-house product of IP Innovative Publication Pvt. Ltd. The advertisement concludes with the heading 'Why MPRP?' and a partial sentence: 'If your research is ready to share with world, our submission portal will help you with a user-friendly platform to submit your'.

CONTENTS**Editorial:****Strategies to prevent post operative cognitive dysfunction 310-311***Pallavi Ahluwalia***Original Article:****Correlation between the spinal levels identified by palpation of the iliac crests and the posterior superior iliac spine and radiology in patients undergoing lower limb orthopaedic surgeries 312-316***Anjum Naz, Ramapati Sanyal, Nitisha Chakraborty, Shanal Alima, Avrojit Raha***BIS guided conditions for ProSeal laryngeal mask airway insertion - A comparison of Propofol versus sevoflurane with or without fentanyl 317-321***Archana Rani, Praveen Kumar Malik***Effectiveness of counselling for tobacco cessation at the time of pre anaesthetic check up 322-327***Archana Rani, Praveen K Malik***Comparison of injection ondansetron with granisetron on maternal haemodynamics and regression of sensory and motor blockade in elective caesarean section: A randomised non inferiority exploratory trial 328-331***Debanjali Ray, Mrinal Saha, Asoke Chakraborty, Mohan Chandra Mandal***A prospective, randomized clinical trial for comparison of pethidine and dexmedetomidine for the control of intraoperative shivering under spinal anaesthesia 332-336***Raghu T, Basavaraj Patil, Sunil Khyadi, D G Talikoti***A survey of practice among doctors in India belonging to different specialities towards peripheral tracheal intubation calls 337-342***Bhavna Gupta, Sukhyanti Kerai, Anish Gupta, Lalit Gupta***Comparison of unilateral versus bilateral spinal anaesthesia using hyperbaric bupivacaine with clonidine in unilateral inguinal hernia surgery - A randomized controlled trial 343-348***C. P. Gadkari, D.S. Warnekar, Rushikesh Jirapure, Shubhada Deshmukh***Comparison of the Air-Q intubating laryngeal airway with the Proseal laryngeal mask airway in elective surgeries: A randomized controlled study 349-354***Priyadharshini V C Moorthy, Devyani Desai, M. R Upadhyay***Effects of magnesium sulphate on intraoperative neuromuscular blocking agent requirement: A prospective randomized double blind placebo controlled study 355-358***Aabid Hussain Mir, Juvera Gul Wani, Abida Yousuf, Sheikh Irshad, Zahoor Ahmad Shah***Comparative study of intravenous and oral midazolam in pediatric CT scans for non CNS pathology 359-365***Jitin George, Anupama M K*

Comparison of rocuronium, vecuronium and atracurium in tiva for hemodynamic effects during beating heart bypass surgery 366-370

Satwik Telkar, Basavaraj Padara, Hulkhund S Y, Ajay B.C

Comparison of cardiac output using invasive (Pulmonary Artery catheter Continuous cardiac Output), less invasive (FloTrac) and non invasive (Pulse Wave Transit Time) methods in patients undergoing off pump coronary artery bypass grafting 371-376

Yogesh N Zanwar, Jubin T. J, V R Shrotey

Are we glorifying the use of video laryngoscopes? A randomized control study comparing C-MAC(R) laryngoscope and McCoy blade for tracheal intubation in patients undergoing general anaesthesia with simulated immobilization of cervical spine 377-381

Gunaseelan Mirunalini, Balasubramaniam Gayathri, Meshak Dhas, Mohana Vatsalya Koka, Balaji Ramraj

Comparative evaluation of safety and efficacy of radial arterial cannulation using conventional blind palpation technique with ultrasound guided Technique perioperatively - Raccuet study 382-385

Ananyaruchi Sharma, Dushyant Pawar, Manisha Modi, Hetal Sonavane, Kamal Sharma

Comparative study between fractionated and single bolus dose of local anaesthetic in elective lower segment caesarean section 386-390

Monika Gandhi, Kaushal Kishore Kabir, K.K. Arora, Karuna Tiwari

Efficacy of flupirtine maleate as pre-emptive analgesic 391-394

Lakshmi Priya, Dinesh Govindarao, Vinay M S

Haemodynamic changes and oxygen saturation during general anaesthesia in smokers and non-smokers 395-400

Meenakshi Agarwal, Suresh Singh, Satish Kumar, Shahbaz Ahmad, Santosh Kr. Sharma

Efficacy of dexmedetomidine in attenuating pressor response during general anaesthesia- A randomised controlled trial 401-405

Prathibha K T, Pooja M N

Comparison of efficacy of Nebulized ketamine versus lignocaine for postoperative sorethroat 406-409

P. Ramadevi, E Shanmugavalli

To assess the effect of oral melatonin premedication on propofol requirement for induction in entropy guided general anaesthesia- A randomised double blind study 410-414

Nethra S.S, Ranjitha Gangadharaiah, Shubha, Sudheesh K, Devika Rani

Compare the incidence of post dural puncture headache of two different age groups and gender in elective lower limb surgeries: A prospective, observational study 415-419

Shilpa M. Doshi, Ronak Ramanuj, Ravi Parmar

Efficacy of preoperative oral melatonin on post operative pain in patients undergoing infraumbilical surgeries under subarachnoid block: A double blind randomized control study 420-424

Nethra S.S, Madhu K. P, Sagar Srinivas K, Sudheesh K, Shubha. S

Ramosetron versus Palonosetron in preventing postoperative nausea and vomiting in laparoscopic surgeries 425-429

Suma K.V, Santhosh K. Gouroji, Gangadhar Meti

Anaesthetic Implications of children with Larsen syndrome 430-436

Anandkumar, Serina Ruth Salins

Comparison between the hemodynamic stability of dexmedetomidine and clonidine infusions among patients undergoing laproscopic cholecystectomy- A randomized controlled trial 437-440

T. Rajaprabu, Vijaya Kumar

A comparative study to know the effectiveness of clonidine versus midazolam as an adjuvant in ultrasound guided supraclavicular brachial plexus block 441-445

Basavaraj Patil, Shivanand L K, Sharadhi R

A comparative study between isobaric levobupivacaine and isobaric levobupivacaine with fentanyl in patients posted for lower abdominal and lower limb surgeries under spinal anaesthesia 446-449

Santhosh K. Gouroji, Suma K.V, Praveen Kumar Katlinge

Effect of low dose ketamine pretreatment on propofol injection pain: A randomised double blind, controlled trial 450-454

Madhu K.P, Yathish S.K, R.S Raghavendra Rao

Comparison of Air-Q ILA and I-gel supraglottic airway device for airway management during general anaesthesia- A randomized controlled trial 455-462

Balaji Kumaresan, Suman Lata Gupta, Sandeep Kumar Mishra, Prasanna

Udupi Bidkar, Lenin Babu Ellakkum

Is the Mac doshi blade superior to the conventionally used Macintosh blade with respect to laryngoscopic view and ease of tracheal intubation? 463-467

Sai Anand I, Malavika Kulkarni, Nisha Sara M Jacob, Muralidhar Kulkarni,

Laxmi Shenoy

Comparative evaluation of two doses of pregabalin as oral premedication for laparoscopic sterilisation with respect to analgesic efficacy and time to discharge 468-472

Farah Husain, Sonia Wadhawan, Sudhindra Dharmavaram, Poonam

Bhadoria, Asmita M Rathore

Case Report:

Anaesthetic management in Pierre Robin syndrome with bicuspid aortic valve: A case report 473-475

Shobha V, Saurabh Mittal, K.V. Rawat

Spinal myoclonus following combined spinal and epidural anesthesia: An unusual complication 476-477

Neera Gupta Kumar, Lalit Gupta, Ashwani Sharma

Manuscript Peer-Review Process

Manuscript Peer-Review Process is a web-based portal that can be accessed 24*7 under good internet connection. It is a set of editorial services that allows a user to run a journal efficiently. It includes journal pre-publication services, editorial workflow & post publication services. We provide a high level of flexibility, so you can select the services you need and integrate your existing workflow. It allows smooth flow of all publication functions of an editorial office on a single independent platform, no software installation is required, only requires Username, Password to login in different panels.

MPRP manages all the authors, reviewers, editors' details and its integration with the social and professional network. It is inhouse product of **Innovative Publication Pvt. Ltd.** which is managed and operated by Innovative Publication and currently running with around 50+ Journals.

Why MPRP?

If your research is ready to share with world, our submission portal will help you with a user-friendly platform to submit your
