## Indian Journal of Clinical Anaesthesia

Volume - 7, Issue - 2, Year - 2020 ([www.ijca.in](http://www.ijca.in))

Indian Journal of Clinical Anaesthesia (IJCA) open access, peer-reviewed quarterly journal publishing since 2014 and is published under auspices of the Innovative Education and Scientific Research Foundation (IESRF), aim to uplift researchers, scholars, academicians, and professionals in all academic and scientific disciplines. IESRF is dedicated to the transfer of technology and research by publishing scientific journals, research content, providing professional's membership, and conducting conferences, seminars, and award programs.

With the more...

### Call for paper

We cordially invite faculty, researchers, and scholars to submission of your valuable contribution to our Upcoming issues. It is a double-blind, peer-review, and Open Access (OA) journal and accepts manuscripts as research papers, review articles, case reports, short communication, etc.

### Manuscript Submission Guidelines

To submit your manuscript, first-time users click the Register button from the submission portal. If you are already a registered user, log in as an author and post your manuscript for further peer-review process. Manuscripts submitted for consideration and inclusion in upcoming issues must follow <https://www.ijca.in/info/author> and be submitted by **2025-01-06**.

The advertisement is a screenshot of a website for the Manuscript Peer-Review Process (MPRP). The header features the logo 'Manuscript Peer-Review Process' and contact information: 'Email: support@iesrf.in, editor@ijca.in, iesrf@iesrf.in' and 'Support: +91-11-639414, 639415 | 9850426146 | 88'. A navigation menu includes 'About MPRP', 'Journals', 'Support and Training', 'Contact Us', 'Track article status', 'Register', and 'Login'. The main content area is titled 'Manuscript Peer-Review Process' and contains the following text: 'Manuscript Peer-Review Process is a web-based portal that can be accessed 24\*7 under good internet connection. It is a set of editorial services that allows a user to run a journal efficiently. It includes journal pre-publication services, editorial workflow & post publication services. We provide a high level of flexibility, so you can select the services you need and integrate your existing workflow. It allows smooth flow of all publication functions of an editorial office on a single independent platform, no software installation is required, only requires Username, Password to login in different panels. MPRP manages all the authors, reviewers, editors' details and its integration with the social and professional network. It is inhouse product of IP Innovative Publication Pvt. Ltd. which is managed and operated by Innovative Publication and currently running with around 50+ Journals. Why MPRP? If your research is ready to share with world, our submission portal will help you with a user-friendly platform to submit your'. An illustration shows a person at a desk with a laptop, surrounded by icons representing various aspects of the peer-review process like 'Quality of content', 'Editorial workflow', and 'Post-publication services'. The IESRF logo is in the bottom right corner.

**CONTENTS****Original Article:**

---

**To study the effect of iv dexmedetomidine versus iv labetalol for the suppression of sympathoadrenal response to extubation 198-202**

*Sindhu S, V Y Srinivas*

**Comparison of ropivacaine with magnesium sulphate and plain ropivacaine in ultrasound guided supraclavicular blocks for upper limb surgeries 203-206**

*R. Jaya Shridevi, Arthi Asokan*

**Comparative evaluation of intrathecal preservative free isobaric 0.5% ropivacaine with isobaric 0.5% bupivacaine in patients undergoing lower abdominal surgeries 207-212**

*Jyoti Pathania, Shyamli Jamwal, Ajay Sood, Vishawjeet Singh, Vatika Bhardwaj*

**Efficacy of diclofenac transdermal patch and diclofenac rectal suppository for postoperative pain management following open cholecystectomy: A single blind prospective comparative study 213-218**

*Md. Tanweer, Manas Ranjan Panigrahi, Bhabananda Mukhapadhyay*

**Comparison of analgesic efficacy of ropivacaine and bupivacaine in rectus sheath block for midline abdominal surgeries 219-225**

*Arti Kuldeep, Ravindra Gehlot, Mukesh Sharma, Krishan Gopal Jangir, Lalit Kumar Raiger*

**Comparison of intrathecal dexmedetomidine and intrathecal fentanyl as an adjuvant with hyperbaric bupivacaine for spinal anaesthesia in lower limb surgeries: A prospective randomized clinical trial 226-232**

*Sudhir Sachdeva, Khushbu M Parekh, Aman Malawat, Durga Jethava, Taslim Mansuri*

**To evaluate the efficacy of dexmedetomidine infusion versus fentanyl infusion for sedation during awake fiberoptic intubation (AFOI) 233-237**

*Ashwini Rajesh Sonsale, Jyoti Kale*

**Bolus dose versus fractionated dose injection of hyperbaric bupivacaine in spinal anaesthesia among adult patients undergoing lower limb surgery: A prospective study 238-244**

*Nakul Srivastava, Pallavi Ahluwalia, G S Jheetay, Gurpartap Singh*

**Comparative study between ondansetron & palonosetron in prevention of post operative nausea vomiting operated under general anaesthesia: A randomised double blind study 245-250**

*Sarjjeet Verma, Trilok Chand, Manish K Singh*

**Comparison of surgical pleth index guided analgesia with conventional analgesia during laparoscopic surgeries-a randomised controlled trial 251-255**

*Shivanand Hulakund, Mahindra B Kalashetty, Manuja H S, Dinesh Naik, Vidyashree Jivali1, Jyothi G*

**Comparison of volatile agent isoflurane vs conventional methods with intermittent propofol and benzodiazepine for BIS targeted anaesthesia on cardiopulmonary bypass 256-261**

*Sandip W Junghare, Minakshi S Junghare, Vinayak N Desurkar, Vipul K Sharma, Anurag A Garg, Shekhar Shinde*

**Effect of single dose dexmedetomidine given prior to extubation on extubation conditions in adult patients following general anaesthesia 262-266**

*Sneha Suresh, Sunil Rajan, Rekha Varghese, Lakshmi Kumar*

**Comparison of dexmedetomidine with ketamine for their effects on amplitude of motor evoked potential intraoperatively 267-271**

*Sudhir Sachdev, Ravindra Sisodia, Vibha Soni, Durga Jethava1*

**The role of demystifying anaesthesia in allaying anxiety and improving post-operative patient satisfaction in a tertiary care centre: A randomised control trial 272-278**

*Preethy Koshy, Shamjitha Mariyam, Shaloo Ipe, Anna Mathew, Prakash Ramasami*

**Evaluation of current anaesthesia practice by assessing awareness during anaesthesia: A prospective observational study at a tertiary care teaching hospital 279-284**

*Birva N Khara, Bhumika P Pathak, Jayshree D Ganjiwale*

**Evaluation of the efficacy of proseal LMA versus endotracheal intubation for laparoscopic surgeries 285-289**

*Sheela Bhagwat Lawate, Varshali M Keniya, Sarita S Swami*

**A prospective comparative study to know the haemodynamic response of thiopentone, propofol and etomidate on laryngoscopy and intubation in adult patients posted for elective surgeries under general anaesthesia 290-294**

*Prathiba Gowda Aswathappa, B C Vijayalakshmi, Shashikala T K*

**Evaluation of hemodynamic changes with different abdominal pressure for laproscopic cholecystectomy using advanced cardiac output (Flo-Trac) monitoring 295-301**

*Joy Biswas, Pravin Kumar Das, Deepak Malviya*

**A study to evaluate the efficacy of intrathecal dexmeditomedine in patients undergoing laparoscopic surgeries under conventional general anaesthesia 302-307**

*Bharathi B M, Tulsi T, Jaidev S Bagliker*

**A comparative observe of infraclavicular and supraclavicular brachial plexus the usage of neurostimulation and ultrasound as additional tool 308-312**

*Sandip W Junghare, Minakshi S Junghare, Maya A Jamkar, Vipul K Sharma*

**Spinal anaesthesia for ambulatory urology surgery: A comparison of chloroprocaine with fentanyl and bupivacaine with fentanyl 313-318**

*Vijay Mathur, Taslim Mansuri, Vipin Kumar Goyal, Durga Jethava*

**Comparison of intravenous granisetron and intravenous lignocaine to alleviate pain on propofol injection: A double blind, randomized, controlled trial 319-323**

*Priyanka Suresh, Shivakumar K Patil*

**Comparative evaluation of levobupivacaine-fentanyl and ropivacaine - fentanyl in epidural anaesthesia in lower limb orthopaedic surgeries in elderly patients 324-328**

*Gurjit Singh Gandhi, Tripat Kaur Bindra, Parmod Kumar, Bindu Kaushal*

**Comparison of ondansetron versus chewing gum for prevention of post operative nausea and**

**vomiting in patients undergoing elective LCS: A randomised control trial 329-332**

*Madhumala H R, Soumya Rohit, Bharathi B M, M Sadiq*

**Efficacy of dexamethasone vs dexmedetomidine as an adjuvant for brachial plexus block- A randomised control trial 333-338**

*Arvind Kumar, Manoj Kumar Chaurasiya, Chitra, Gynendra Gautam, Anil Kumar Verma, Apoorva Agarwal*

**Comparison of the effect of cisatracurium with or without magnesium pretreatment on neuromuscular blockade and hemodynamics, in cardiac surgery patients on cardiopulmonary bypass at SMS medical college 339-343**

*Syed Saqib Naqvi, Anjum Saiyed*

**Evaluation of the efficacy of single dose of 0.6mcg/kg of iv dexmedetomidine for the attenuation of sympathoadrenal response to extubation 344-347**

*Sindhu S, V Y Srinivas*

**Comparative study of etomidate and fentanyl citrate with propofol (1%) and fentanyl citrate for total intravenous anaesthesia in short surgical procedures 348-354**

*Atikahmed Gulamdastagir Momin, Raushan Kumar Jha, Madhuri A Bhade*

**Comparison of efficacy of oral pregabalin and oral paracetamol as pre-emptive analgesics in patients receiving spinal anaesthesia for lower limb surgeries 355-359**

*Suprit Shivraj, Vidya Patil*

**Case Report:**

---

**Tramadol as an adjuvant to ropivacaine in ultrasound guided erector spinae plane block for postoperative analgesia after sternotomy 360-362**

*Sofia Jaswal, Rashi Sarna, Richa Saroa, Sanjeev Palta*

**Central airway obstruction in a patient of tracheobronchial carcinoma: A case report 363-366**

*Amit Bodkhe, Hemant Bhirud, Sanjay Upadhye, Meghana Nadkarni, Chitra Pitale, Avanti Purohit*
