

IJCA

Indian Journal of Clinical Anaesthesia

Volume - 7, Issue - 4, Year - 2020 (www.ijca.in)

Indian Journal of Clinical Anaesthesia (IJCA) open access, peer-reviewed quarterly journal publishing since 2014 and is published under auspices of the Innovative Education and Scientific Research Foundation (IESRF), aim to uplift researchers, scholars, academicians, and professionals in all academic and scientific disciplines. IESRF is dedicated to the transfer of technology and research by publishing scientific journals, research content, providing professional's membership, and conducting conferences, seminars, and award programs.

With the more...

Call for paper

We cordially invite faculty, researchers, and scholars to submission of your valuable contribution to our Upcoming issues. It is a double-blind, peer-review, and Open Access (OA) journal and accepts manuscripts as research papers, review articles, case reports, short communication, etc.

Manuscript Submission Guidelines

To submit your manuscript, first-time users click the Register button from the submission portal. If you are already a registered user, log in as an author and post your manuscript for further peer-review process. Manuscripts submitted for consideration and inclusion in upcoming issues must follow <https://www.ijca.in/info/author> and be submitted by **2024-12-07**.

The advertisement is a screenshot of a website for the Manuscript Peer-Review Process (MPRP). The header features the logo 'Manuscript Peer-Review Process' and contact information: 'Email: support@iesrf.in, editor@ijca.in, iesrf@iesrf.in' and 'Support: +91-11-639414, 639415 | 9850426146 | 88'. A navigation menu includes 'About MPRP', 'Journals', 'Support and Training', 'Contact Us', 'Track article status', 'Register', and 'Login'. The main content area is titled 'Manuscript Peer-Review Process' and contains the following text: 'Manuscript Peer-Review Process is a web-based portal that can be accessed 24*7 under good internet connection. It is a set of editorial services that allows a user to run a journal efficiently. It includes journal pre-publication services, editorial workflow & post publication services. We provide a high level of flexibility, so you can select the services you need and integrate your existing workflow. It allows smooth flow of all publication functions of an editorial office on a single independent platform, no software installation is required, only requires Username, Password to login in different panels. MPRP manages all the authors, reviewers, editors' details and its integration with the social and professional network. It is inhouse product of IP Innovative Publication Pvt. Ltd. which is managed and operated by Innovative Publication and currently running with around 50+ Journals. Why MPRP? If your research is ready to share with world, our submission portal will help you with a user-friendly platform to submit your'. An illustration shows a person at a desk with a laptop, surrounded by icons representing various stages of the peer-review process. The IESRF logo is visible in the bottom right corner.

CONTENTS

Editorial:

New face of anaesthesiologist- The leader 549-550

Pallavi Ahluwalia

Guest Editorial:

What it means to be the daughter of a corona warrior? 551-552

Ishaana Kumar

Review Article:

Enhanced recovery after surgery (ERAS) for the anaesthesiologist 553-562

Umesh Kumar Valecha, Vijay Kumar Vohra, Rajendrasingh Patil, Satish Kulkarni, Naman Shastri, Ramadas Edakeparavan Keloth, C Naresh Kumar Reddy, Sumathi Shankar, Arun Venkataraman, Subhendu Sarkar, Anil Karlekar

Original Article:

A study on intra-operative and post-operative effects of dexmedetomidine on haemodynamic stress responses to surgeries 563-568

Viditha Korukonda, S Kaladhar

Can mode of anaesthesia interfere with the discharge in patients undergoing day care ureteroscopic surgeries? A randomized control trial comparing general with spinal anaesthesia 569-574

Sundaram L N, Aishwarya S, Gayathri B, Saravanan Ravi

To evaluate the efficacy between 0.15mg/Kg and 0.25mg/Kg of iv labetalol in the suppression of haemodynamic response to extubation 575-578

Sindhu S, V Y Srinivas

Comparison of the efficacy of ultrasound guided adductor canal block versus intra-articular infiltration in providing post-operative analgesia after arthroscopic anterior cruciate ligament repair surgery 579-582

Kedar Bangal, Poonam Ghodki

Effect of 2% dextrose in ringer lactate on incidence of nausea and vomiting in laparoscopic cholecystectomy-Prospective randomized control study 583-588

Surabhi Verma, A P Singh, Yashpal Singh, S K Bhartiya

Anticipating difficult tracheal intubation by observing Modified Mallampati Grade, Thyromental Distance and Upper Lip Bite Test. A prospective observational study 589-593

Pavani Sudhamala, S Kalyani Surya Dhanalakshmi, Gopinath Ramachandran

Comparison of intrathecal hyperbaric bupivacaine, isobaric levobupivacaine and isobaric ropivacaine with fentanyl as adjuvant in knee arthroscopy: A randomised controlled study 594-599

Neha Yadav, Sujata Chaudhary, Divya Gahlot, Rashmi Salhotra

A comparison of dexmedetomidine and clonidine premedication in perioperative hemodynamic stability and postoperative analgesia in laparoscopic cholecystectomy 600-606

Shreya Sharma, Shashi Prakash, Mandeep M H Madia, Vivek Sharma, Chandramani

Combination of epidural bupivacaine and fentanyl for labour analgesia: An observational longitudinal study 607-612

Rukhsana Najeeb, Meesam Mirza, Tahir Masoodi

Effectiveness of low dose epidural magnesium sulphate in labour analgesia 613-618

Smriti Sinha, Varghese K Zachariah, Priya P, Rolly Kakkar, Avinash Kumar

Comparing anaesthetic effects of intrathecal 2- Chloroprocaine with or without fentanyl in ambulatory surgeries- A prospective and randomized control study 619-624

Anupama Nagar, Ravi Khandelwal, Pradeep Kumar Goyal, Shailendra Pareek, Dinesh Kumar Bharti

Comparison of fentanyl, clonidine and nalbuphine for attenuation of pressor response during endotracheal intubation under general anaesthesia 625-631

Robina Makker, Neha Mehra, Abhishek Khanna

A prospective study to compare haemodynamic and respiratory parameters using proseal laryngeal mask airway and endotracheal intubation in children undergoing videoendoscopic surgery 632-637

Amit M Wankhede, G Usha, Dipakumar H Ruparel

Comparison of two different maintenance dose of dexmedetomidine in monitored anesthesia care for surgical procedures under local anesthesia: A prospective and randomized study 638-644

Mohammed Yeasser Arafat Zaman, Shailendra Kumar Pareek, Jyothi Jain, Pradeep Kumar Goyal

Supraclavicular brachial plexus block with and without dexamethasone as an adjuvant to local anesthetics - An observational study 645-651

Sunita Y Shende, Ujwala B Khairmode, Rupali N Gorgile, Radhika M Marathe

Comparison of two different doses of intrathecal Neostigmine as an adjuvant to Bupivacaine for postoperative analgesia 652-656

Dipakkumar H Ruparel, Pradeep Dhumane,

Ultrasound guided airway assessment- an observational study to correlate airway parameter to cormack-lehane grading of laryngoscopy 657-661

Anil Kumar N, Bivash Halder, Narayanan Rajaram, V Sharan Rajkumar, Harini Krishna

Analgesic effect provided by femoral nerve block versus intravenous fentanyl prior to positioning for sub arachnoid block in patients with fracture femur- An open label, prospective, clinical study 662-668

Ivy George, Aditi A Dhimar, M R Upadhyay

A comparative evaluation of the analgesic efficacy of low doses of intrathecal neostigmine and bupivacaine with plain bupivacaine in lower limb surgery 669-675

Rahil Singh, Nishant Sood, Anisha Singh, Anita Seth, Lalit Gupta

Attenuation of haemodynamic response to laryngoscopy and endotracheal intubation a comparative study between I.V. labetalol and I.V. lignocaine 676-680

S Kaladhar, Viditha Korukonda

Biochemical markers and haemodynamic changes of stress response after intubation with direct laryngoscopy versus video laryngoscopy versus fiberoptic intubation: A comparative study 681-686

Shivani Rastogi, Sandeep K Yadav, Anurag Agarwal, Sumit Kumar, Deepak Malviya

Patient-reported outcomes after femoral nerve block versus periarticular injections in patients undergoing total knee arthroplasty: A randomized controlled study 687-694

Tarek I Ismail, Mohamed H Elshafie

Case Report:

Prolonged effect of succinylcholine following reversal of residual rocuronium bromide block: A case report 695-697

Rashid M Khan, Aziz Haris, Naresh Kaul, Sorin J Brull

A case report of vasopressin induced bradycardia and dyspnea after intramyometrial injection during myomectomy 698-699

Bokka Nikhilesh, Prasanna Vadhanan, Kotha Megha, Debendra Kumar Tripaty

Taylor's approach as a savior in difficult spine anatomy 700-702

Bivash Halder, Anil Kumar Narayan, Ajay S Shandilya

Anesthetic management of a known case of pemphigus vulgaris with diabetes mellitus posted for surgery 703-706

Namrata Kochhar, Ritwik Chakraborty

Anaesthesia consideration for carinal resection and reconstruction - A case report 707-711

Amit Y Bodkhe, Sanjay M Upadhye, Ramakant Deshpande, Meghana M Nadkarni, Chitra C Pitale

Post-operative subcutaneous emphysema- are anesthesiologists always at fault 712-714

Arunkumaar Srinivasan, Kompal Jain, Rashmi Sarna

Anaesthesiologist's perspective of laparoscopic adrenalectomy - A case report with current concepts in management 715-718

Divya V Gladston, Venugopal Achuthan Nair, Sunil Kumar Valasareddy, Sivaranjith J

Epidural catheter catastrophe - Breakages during procedure and outcome in three cases 719-721

Bokka Nikhilesh, Prasanna Vadhanan, Kiruthika Balakrishnan

Short Communication:

The super-protect box- An armour during dealing with Covid -19 patients 722-723

Sanjith Saseedharan, Rohit Kuril, Vaijayanti K, Roopa Karanam

Perioperative management of liver transplantation in a post CABG patient with very low ejection fraction - A challenging case 724-725

Chitra Chatterji, Atish Pal, Sachin Kumar

Preoperative patient information about anaesthesia: A prospective analysis 726-728

Reena Ravindra Kadni, Priya P, Anusha Raj
