## Indian Journal of Clinical Anaesthesia

Volume - 8, Issue - 1, Year - 2021 ([www.ijca.in](http://www.ijca.in))

Indian Journal of Clinical Anaesthesia (IJCA) open access, peer-reviewed quarterly journal publishing since 2014 and is published under auspices of the Innovative Education and Scientific Research Foundation (IESRF), aim to uplift researchers, scholars, academicians, and professionals in all academic and scientific disciplines. IESRF is dedicated to the transfer of technology and research by publishing scientific journals, research content, providing professional's membership, and conducting conferences, seminars, and award programs.

With the more...

### Call for paper

We cordially invite faculty, researchers, and scholars to submission of your valuable contribution to our Upcoming issues. It is a double-blind, peer-review, and Open Access (OA) journal and accepts manuscripts as research papers, review articles, case reports, short communication, etc.

### Manuscript Submission Guidelines

To submit your manuscript, first-time users click the Register button from the submission portal. If you are already a registered user, log in as an author and post your manuscript for further peer-review process. Manuscripts submitted for consideration and inclusion in upcoming issues must follow <https://www.ijca.in/info/author> and be submitted by **2025-01-06**.

### Advertisement

The advertisement is a screenshot of a website for the Manuscript Peer-Review Process (MPRP). The header includes the logo 'Manuscript Peer-Review Process' and contact information: 'Email: support@iesrf.in, editor@ijca.in, editor@ijca.in', 'Support: +91-11-6336414, 6336415 | 9850426446 | 9850426446'. The navigation menu contains: 'About MPRP', 'Journals', 'Support and Training', 'Contact Us', 'Track article status', 'Register', and 'Login'. The main content area features the title 'Manuscript Peer-Review Process' and a detailed description of the service, including its 24/7 availability, editorial services, and integration with social and professional networks. An illustration shows a person at a desk with a laptop, surrounded by icons representing various aspects of the review process. The text concludes with 'Why MPRP?' and a partial sentence: 'If your research is ready to share with world, our submission portal will help you with a user-friendly platform to submit your'.

## CONTENTS

### Editor Desk:

---

#### From the editor's desk...

*Lalit Gupta*

### Editorial:

---

#### Evaluation of manuscripts- A guide to reviewers 1-4

*Pallavi Ahluwalia, Bhavna Gupta*

### Guest Editorial:

---

#### COVID-19. . . Navigating through a year of challenges and changes 5-6

*Pankaj Sayal*

### Review Article:

---

#### Anaesthesia concerns of steep Trendelenburg position in robotic pelvic surgeries: A critical review 7-10

*Seema Parsad, Anuj Sharma, Kiran Jangra, Santosh Kumar, Gopal Sharma*

### Original Article:

---

#### To compare postoperative analgesic effect of ropivacaine with or without dexamethasone in ultra sound guided transversus abdominis plane block for patients undergoing lower abdominal surgeries - A prospective & randomized study 11-17

*Arnab Banerjee, Shailendra Kumar Pareek, Pradeep K Goyal*

#### Comparison of induction characteristics of 1 percent propofol versus 2 percent propofol during induction in elective plastic surgery procedures 18-23

*Kaniti Geeta, Archana Pathy, Mathsya Giri, Kanchetty Karishma, Padmaja Durga*

#### To study the efficacy and post-operative sedation in intravenous and intrathecal clonidine in patients undergoing laproscopic assisted vaginal hysterectomy under general anesthesia 24-28

*Asha G, Geethanjali S Masamaddi, Amith S*

#### The use of forced air warmer for the prevention of inadvertent perioperative hypothermia under general anaesthesia - A prospective observational study 29-37

*Abhini Prabhakar, Trupti Pethkar*

#### Evaluation of low dose hyperbaric bupivacaine with or without fentanyl in perianal surgeries: A prospective randomized double blind trial 38-44

*Arti Kuldeep, Lalit Kumar Raiger, Swati Sharma, Krishan Gopal Jangir*

#### Comparison of ventilation with and without positive end expiratory pressure during anesthesia for laparoscopic surgeries 45-48

*Girish Saundattikar, Dhanashree Dongare, Payal Gupta*

#### A prospective randomized controlled trial to compare the efficacy of wound instillation with 0.25% bupivacaine, 0.2% ropivacaine and normal saline for postoperative analgesia in breast surgery 49-54

*Shuchi Mathur, Ravindra Gehlot, Vikram Bedi, Lalit Kumar Raiger*

**Comparison of ketofol versus propofol for procedural sedation and analgesia in cervical cancer brachytherapy: A prospective, randomized double blind study 55-61**

*Pankaj Damor, Udit Naithani, Monika Gupta, Ritu Verma, Ansika Yadav*

**A clinical study: Inguinal hernia repair under local block 62-67**

*Rupal Kapadia, Hanna Musa, Palakben Parikh, Namrata Mehta, Lalit Kapadiya*

**Recovery from desflurane and sevoflurane anaesthesia after prolonged surgery - A comparative study using Index of Consciousness (IoC) monitoring 62-73**

*Raj Kumar Choubey, Kirti Bhushan, Geetanjali Singh, Sachin Narayan Kulkarni, Manish Honwad, Rahul Yadav*

**Combined femoral and sciatic nerve blocks for lower limb surgeries 74-78**

*Sadia Ali Wani, Qazi Nahida, Sadaf Ali Wani, Shafia Kakroo, Sabahat Farooq*

**Ultrasound guided quadratus lumborum block and transversus abdominis plane block for postoperative analgesia after lower segment caesarean section under spinal anesthesia: A prospective observational study 79-85**

*Anju Parihar, Shazia Ashraf, Kouser Benazir, Wasim Rafiq*

**Comparison of adjuvant effects of intrathecal magnesium sulfate and dexmedetomidine with hyperbaric bupivacaine 86-91**

*Sathis C Sundararaju, Raja Poovathai, Mohamed Haaris B Kamal Batcha*

**A comparison of hemodynamic profile of intraperitoneal instillation of ropivacaine versus bupivacaine in laparoscopic surgeries 92-95**

*Sanmuga Piriya K, Ramya N, Balasubramanian S, Vigneswaran J, Suresh Kumar K, Suresh Anand B S*

**Comparison of ultrasound guided costoclavicular brachial plexus block versus supraclavicular brachial plexus block for forearm and hand surgeries for surgical anaesthesia: A prospective randomised clinical study 96-101**

*Shubha M Ramesh, Sowmya M Janardhaniyengar, Shankar Kantharaju*

**Evaluation of performance of Ambu® AuraGain™ and Laryngeal Mask Airway® Supreme™ in adult patients for elective surgeries under general anaesthesia: A randomized prospective comparative study 102-107**

*Smruthy B S, Hemalatha S, Gurudatt C L, Anil Kumar M R1*

**The effect of pre-emptive paracetamol on postoperative analgesic requirement in patients undergoing laparoscopic cholecystectomy: A randomized control study 108-112**

*Geetika Arora, Rajeev Chauhan, Summit Bloria, Rashi Sarna*

**A comparative study between cuffed oropharyngeal airway and laryngeal mask airway in spontaneously breathing anaesthetized patients for short surgical procedures 113-117**

*Archana Gautam, Vishnu Madhusoodanan, Vithal K Dhulkhed*

**Tramadol-paracetamol combination for postoperative pain relief in elective single level lumbar microdiscectomy surgery: A comparison of two different doses of tramadol 118-121**

*Aishwarya, Sunita Sharma, Priyamvada Gupta*

**Case Report:**

---

**Total intravenous anaesthesia to facilitate bulbocavernous reflex in a 2-year-old child with tethered cord syndrome: A case report 122-124**

*Kavya Mittimanj, Deepak Rajappa, Dheeraj Masapu, Shishir Chandrashekar, Satish Rudrappa*

**Asymptomatic tracheal stenosis in a child: An anaesthesiologist's plight 125-128**

*Shilpa J Loya, Palak Rajendra Bohra, Pramod V Bhale, Sanhita J Kulkarni, Vasanti Kelkar*

**Achondroplasia and emergency caesarean section: A case report 129-132**

*Urmila Palaria, Kamal Nayan Joshi, Yeeti Upreti*

**Sciatic femoral block in patient with aortic stenosis 133-136**

*Shilpa Amol Acharya, Tejaswini Lalasaheb Phalke, Noopur Singh*

**Anaesthesia management of coronary artery perforation during Percutaneous Coronary Intervention (PCI) 137-140**

*Ninad D Chodankar, Sulekha Jain, Harvesp D Panthakey, Hemant H Mehta*

**Anaesthetic management of a case of severe preeclampsia with hemiplegia undergoing emergency caesarean section: A case report 141-143**

*Prakash Deb, Rituparna Das, Prithwis Bhattacharya, Aashish K Singh*

**Delayed esophageal perforation after cervical spine surgery: A lesser known devil 144-147**

*Rachna Wadhwa, Pragati Ganjoo, Pallavi Ahluwalia, Daljit Singh*

**Short Communication:**

---

**Paradigm shift in medical education 148-149**

*Anish Gupta, Bhavna Gupta, Pallavi Ahluwalia*

## Manuscript Peer-Review Process

Manuscript Peer-Review Process is a web-based portal that can be accessed 24\*7 under good internet connection. It is a set of editorial services that allows a user to run a journal efficiently. It includes journal pre-publication services, editorial workflow & post publication services. We provide a high level of flexibility, so you can select the services you need and integrate your existing workflow. It allows smooth flow of all publication functions of an editorial office on a single independent platform, no software installation is required, only requires Username, Password to login in different panels.

MPRP manages all the authors, reviewers, editors' details and its integration with the social and professional network. It is inhouse product of **Innovative Publication Pvt. Ltd.** which is managed and operated by Innovative Publication and currently running with around 50+ Journals.

### Why MPRP?

If your research is ready to share with world, our submission portal will help you with a user-friendly platform to submit your
