The advertisement is a screenshot of a website for 'Manuscript Peer-Review Process'. The header is dark red with the logo on the left and contact information on the right. A navigation bar below the header contains links for 'About MPRP', 'Journals', 'Support and Training', 'Contact Us', 'Track article status', 'Register', and 'Login'. The main content area has a light blue background. On the left, there is a text block titled 'Manuscript Peer-Review Process' describing the service. On the right, there is an illustration of a person at a desk with a laptop, surrounded by icons representing various aspects of the peer-review process. At the bottom, there is a section titled 'Why MPRP?' with a small introductory sentence.

Manuscript Peer-Review Process

Manuscript Peer-Review Process is a web-based portal that can be accessed 24*7 under good internet connection. It is a set of editorial services that allows a user to run a journal efficiently. It includes journal pre-publication services, editorial workflow & post publication services. We provide a high level of flexibility, so you can select the services you need and integrate your existing workflow. It allows smooth flow of all publication functions of an editorial office on a single independent platform, no software installation is required, only requires Username, Password to login in different panels.

MPRP manages all the authors, reviewers, editors' details and its integration with the social and professional network. It is inhouse product of IP Innovative Publication Pvt. Ltd, which is managed and operated by Innovative Publication and currently running with around 50+ Journals.

Why MPRP?

If your research is ready to share with world, our submission portal will help you with a user-friendly platform to submit your

CONTENTS**Original Article:****Comparative efficacy of three different doses of intranasal dexmedetomidine for premedication in children 409-414**

Kuldeep Singh, Neelam Prasad, Munisha Agarwal, Rakesh Kumar, Moushumi Saha*

Evaluation of efficacy of ketamine nebulization on reduction of incidence and severity of postoperative sore throat due to tracheal intubation- A prospective randomized controlled study 415-421

Heli Mehta, Nimisha P Brahmhatt, Ankita Patel, Stuti Bhamri*

A study of BlockBuster laryngeal mask airway versus Fastrach/Intubating laryngeal mask airway as a conduit for blind oro-tracheal intubation: A prospective randomized controlled study 422-427

Komal Modi, Ruchi Pathak, Kanchana S. P.*

Study to compare the effect of Dexmedetomidine vs MgSo4 (50%) intrathecally as an adjuvant with bupivacaine (0.5%) for lower limb orthopedic surgery under subarachnoid block 428-432

Meha Pathak, Shilpa M Doshi*

To compare the efficacy of USG guided central venous catheterisation at internal jugular vein (IJV) and at the Pirogoff's confluence 433-438

Sudhir Sachdev, Akanksha Princee, Ashish Jain, Kalpana Verma, Durga Jethava*

A prospective study evaluating the effect of nebulised lidocaine on haemodynamic responses during nasotracheal intubation 439-444

Reetu Verma, Shivani Gaurav, Hemlata Verma, Sateesh Verma, Brij Kuswaha, Ajay Kumar Chaudhary, Dinesh Singh*

Clinical evaluation of perfusion index (PI) as a predictor of post spinal hypotension in lower segment caesarean section (LSCS) 445-449

*Upendra Kumar, Archana Tripathi, Mukesh Somvanshi, Varalakshmi Karasala**

Local anaesthesia: Buffered or non-buffered? A comparative study 450-454

Vishal Rana, Jerusha Fernandes, Savina Gupta*

Comparison of intravenous dexmedetomidine alone versus dexmedetomidine ketamine combination on sedation intubation response safety profile and patient satisfaction during awake fiberoptic nasotracheal intubation 455-460

Vandana R Magnani, Kavita S Lalchandani*

Effect of oral gabapentin as pre-emptive analgesia in total abdominal hysterectomy- A randomised prospective placebo controlled study 461-466

Sujay J. N, Prakash B.C, Riyaj Ahmad Kalaburgi*

Comparison of premedication with 75 mg and 150 mg pregabalin for postoperative analgesia in

total hysterectomy patients - A randomised control trial 467-472

Ajish Varghese Cheruvathur, Dilshad Thondi Parambil, Saurabh Vig,
Salman Mohammed Kutty Chenath, Priyadharshini Nagaraj, Krupa
Mulgaonkar, S Jeevithan*

The comparative efficacy of two different doses of fentanyl on hemodynamic response to laryngoscopy and tracheal intubation: Prospective, randomized control trail 473-478

Vidhi Vishnubhai Patel, Neel Vishnubhai Patel, Darshna Dharmendra Patel,
Priyanka Jagdishchandra Patel, Hetal Girishkumar Kotecha, Urvisha Avchar
Mendpara*

Combined psoas compartment block and sciatic nerve block versus unilateral subarachnoid block as a sole anaesthetic technique for lower limb orthopaedic surgery - A prospective randomised controlled study 479-484

Ankita Patel, Kavita Lalchandani, Heli Mehta*

A prospective, randomised, double blind study comparing dexamethasone and dexmedetomidine as adjuvants to 0.2% ropivacaine for post-operative analgesia in ultrasound guided brachial plexus block 485-489

Ishita Garg, Niti Gulati, Divesh Arora*

Review Article:

Cerebral oximetry using near-infrared spectroscopy (NIRS) in cardiovascular and thoracic anaesthesia: A review 490-499

Manjula Sarkar, Murlidhar Kanchi*

Case Series:

Subarachnoid block in parturients with mild COVID-19 disease for Caesarean delivery- A case series 500-503

Geetanjali T Chilkoti, Prakriti Maurya, Rachna Wadhwa, Medha Mohta,
Anju Gupta*

Case Report:

Perioperative management of post covid mucormycosis patient with dilated cardiomyopathy and atrial fibrillation posted for endoscopic debridement- A case report 504-507

Mitali Dilipkumar Agrawal, Ranjeeta M Tambey*

Succinylcholine induced Masseter spasm in a young male with frontal sinus abscess 508-510

Shilpa Jagdish Loya, Ashik Sreekumar, Sanhita Kulkarni*

Perioperative ventilator-induced lung injury- An unexpected complication of post COVID-19 sequelae 511-513

Harsimran Singh Walia, Sofia Jaswal, Jagdeep Sharma, Lalita Gouri Mitra,
Atin Goyal*

Airway management of huge thyroid swelling having tracheal deviation: Challenges faced 514-517

Vijay Harischandra Patil, Kadappa Shivappa Huddar, Wasudeo S
Barsagade, Anusha Uchila Rao*

Anaesthetic management of craniotomy for recurrent astrocytoma in case of large atrial septal defect with severe pulmonary hypertension: A case report 518-522

Deepak Chandrakant Koli, Poonam Gupta, Sandip Katkade, Ankit Gupta,
Hemant H Mehta*

Anesthetic management of a neonate with a massive lymphangioma 523-525

Manoj Sharma, Gyanendra Kumar, Geeta Kamal*

Anaesthetic management in adolescent fraser syndrome 526-528

*Kriti Nagar**

Letter to editor:

A case of diabetes mellitus and rhino-orbital cerebral mucormycosis- cardiopulmonary resuscitation (CPR) in time saves a life 529-530

Michelle Gulabani, Nikita Mary Mundakel, Sujata Chaudhary*
