The header includes the logo, the title 'Manuscript Peer-Review Process', and contact information: 'Email: support@iesrf.in, editor@ijca.in, iesrf@iesrf.in' and 'Support: +91-11-8336414, 8336415 | 8850425446 | 8850425447'. A navigation menu contains: 'About MPRP', 'Journals', 'Support and Training', 'Contact us', 'Track article status', 'Register', and 'Login'. The main content area features the title 'Manuscript Peer-Review Process' and a detailed description of the web-based portal, its 24/7 accessibility, and the range of editorial services it provides. An illustration shows a person at a desk with a laptop, surrounded by icons representing various stages of the review process. Below the illustration, it states that MPRP manages authors, reviewers, and editors' details and is an in-house product of Innovative Publication Pvt. Ltd. The section 'Why MPRP?' begins with the text: 'If your research is ready to share with world, our submission portal will help you with a user-friendly platform to submit your'.

CONTENTS**Original Article:****Ventilator associated pneumonia in a ICU of a tertiary care Hospital in India 139-143**

Debaprasad Mohanty, Mahendra Kumar Nayak, Khageswar Raut, Sidharth Sraban Routray, Debasis Mishra

Pre-eminence of oral clonidine when juxtaposed with oral midazolam as pre-anaesthetic medication in children: a prospective randomised double blind study 144-147

Anil Shetty, Vinaybabu Kurian, Anand Bangera, Nikil M.P

Comparison of intrathecal isobaric levobupivacaine, levobupivacaine- clonidine, with hyperbaric bupivacaine as a control for quality of anaesthesia intraoperative hemodynamics and duration of post-ope 148-154

V. Bhavani, I Joseph Raajesh

A comparative study of restrictive and liberal transfusion strategy on postoperative cognitive dysfunction following lower limb orthopedic surgery 155-159

Debaprasad Mohanty, Mahendra Kumar Nayak, Sidharth Sraban Routray, Debasis Mishra

Comparative study of efficacy of combination of palonosetron hydrochloride & dexamethasone sodium phosphate versus dexamethasone sodium phosphate alone for postoperative nausea & vomiting after modifi 160-164

Bijal M Shah, Nita D Gosai, Rashmi Ranjan Dash, Krupa D Kalaria, Bipin M Patel

Role of IV Nalbuphine in attenuation of haemodynamic response to laryngoscopy and endotracheal intubation 165-169

Dnyaneshwar Ramaji Fating, Ashwini K. Dandekar, N.G. Tirpude

Comparison of epidural morphine and epidural buprenorphine - combined with general anaesthesia for laparoscopy assisted vaginal hysterectomies: A randomized double blinded study 170-178

Krishna Prabu R, Radhakrishnan A

A prospective randomized comparative study of dexmedetomidine and propfol for conscious sedation in middle ear surgery under monitored anaesthesia care 179-183

Leena Goel, Megha Goel

"Vertical infraclavicular block with Dexmedetomidine as an adjuvant to local anesthetics- multifaceted quality enhancement effort" 184-190

Madhavi Sanjay Chaudhari, Naresh Dilipkumar Vaswani, Birva Nimit Khara

"Light wand- guided nasotracheal intubation in patients with limited mouth opening: a comparison with blind nasal intubation" 191-195

Subhash, Vipin Kumar Dhama, Bhagat Singh, Yogesh Manik, Nikhil Dewan

A survey on patients' awareness about anesthesia and anesthesiologist 196-206

Avanish Bhandary, Nikhil Maruthi Pallath, Mayur Ramakrishna, Sumalatha R Shetty

Null:

Optimal dose of intrathecal nalbuphine for prevention of adverse effects related to intrathecal morphine in patients undergoing lower abdominal and lower limb surgeries under bupivacaine spinal anaest 207-213

Prashanth Kumar C, Chaitra U, Sathyajith Karanth A

Original Article:

Propofol LCT vs propofol MCT-LCT: Randomized controlled trial 214-218

Manjula Sudeep Sarkar, Pushkar M Desai, Hashim Sageer, Shubhra Sarkar

A comparative evaluation of three different doses of Epidural Neostigmine co-administered with Levobupivacaine for postoperative analgesia after lower limb Orthopedic surgeries 219-223

Rajneendra Sharma, Seema Partani, Saurabh Bhateja

“Attenuation of haemodynamic changes during laryngoscopy and endotracheal intubation using IV lidocaine versus IV clonidine” 224-232

Rama Krishna Reddy Mudiganti, Rishita Reddy Magam, Rambabu T

Evaluation of caudal epidural analgesia for relieving post-operative pain in perianal, inguinoscrotal and urethral surgery in paediatric age group 233-237

Rakesh Kushwala, Savita Choudhary, Shashank Gupta

Comparative study of lignocaine, bupivacaine alone and in combination in supraclavicular block 238-242

Ahsan Mustafa, Khaja Ali Hassan, Syed Abdur Rahman

Magnesium sulphate added as an adjuvant to intrathecal bupivacaine in patients with mild pregnancy induced hypertension undergoing caesarean section 243-250

Venkatesan K, Vijay Narayanan S, Iniya R, Rajalekshmi M

Attenuation of haemodynamic response to intubation with oral clonidine and oral atenolol 251-256

Vijaya Rekha Koti, Sharat Babu Chevuri, Sunil Pulla, Varunchander G

A Randomized placebo controlled study to compare Propofol and Ondansetron for Control of Emetic Episodes during Caesarean Delivery under Spinal Anesthesia 257-260

Rajkumar Ahirwal, Yashwant Dhayjale

A Comparative Study of Ropivacaine with Dexmedetomidine versus Ropivacaine with Fentanyl for Epidural Anaesthesia in Lower Limb Orthopaedic Surgeries 261-270

Subramanian R, Vijay Narayanan S, Mohamed Mubarack A, Rajalekshmi M

Comparative Study of Intrathecal Bupivacaine versus Bupivacaine with Fentanyl for Cesarean Section 271-277

Manoj Kumar N. Gajbhare, Neha P. Kamble

Comparison of dexmedetomidine with ETT/Ambu-LMA exchange for smooth emergence in tympanoplasty surgery: a randomized prospective study 278-282

S. Shivakumar, K. Harikaran

“Anaesthetic Management of Faciomaxillary Injury - A Retrospective Study” 283-286

Seema Partani, Rakesh Kushwaha, Rajnindra Sharma

Comparison between thoracic epidural anaesthesia & general anaesthesia for open cholecystectomy in adult patients 287-291

Anurag Agarwal, Vipin Kumar Dhama, Subhash, Yogesh Kumar Manik, Shantanu Kumar Das

292-299

Sangamesh R Nainegali, Chhaya P Joshi, Arati C Koregol, Ramachandra DS

A study of intubating conditions and haemodynamic characteristics using propofol and rocuronium after pre-treatment with ephedrine 300-315

Vidushi S, Devesh S, Asrar M, Meenaxi S, Anumeha J

A Prospective, Randomized, Double-blinded Control study on evaluation of low dose dexmedetomidine infusion in patients undergoing cataract surgery under peribulbar block 316-323

R. Venkatraman, C.R. Saravanan, P. Ayyanar Sakthivel, Ajay Haridas Poonath

Manuscript Peer-Review Process

Manuscript Peer-Review Process is a web-based portal that can be accessed 24*7 under good internet connection. It is a set of editorial services that allows a user to run a journal efficiently. It includes journal pre-publication services, editorial workflow & post publication services. We provide a high level of flexibility, so you can select the services you need and integrate your existing workflow. It allows smooth flow of all publication functions of an editorial office on a single independent platform, no software installation is required, only requires Username, Password to login in different panels.

MPRP manages all the authors, reviewers, editors' details and its integration with the social and professional network. It is inhouse product of **Innovative Publication Pvt. Ltd.** which is managed and operated by Innovative Publication and currently running with around 50+ Journals.

Why MPRP?

If your research is ready to share with world, our submission portal will help you with a user-friendly platform to submit your
